- (d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after five years if all option years exercised.

- (a) The Government may extend the term of this contract by written notice to the Contractor within 30 days; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.
- (b) If the Government exercises this option, the extended contract shall be considered to include this option clause.
- (c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 years.

In the event that certain items and or services are required and they are not contained or priced in Section B, the contractor shall immediately contact the Contracting Officer for appropriate guidance.

(c) When performance time is of the essence (emergency response), the Contracting Officer may issue oral Delivery Orders for immediate response requirements. Those verbal orders will only be issued after confirmation of availability of appropriated funds.

(d) Delivery Orders will be issued on forms specified and provided by the Government. Orders will be issued against this Contract based on the pricing set forth in Section B. The Delivery Order will be issued as a "Not to Exceed Fixed Price".

(e) Documentation required with each payment in addition to the submitted invoice shall also include all necessary receipts to validate any charges for items not priced under Section B.

these ordering procedures. The price stated in the delivery order shall be considered the maximum allowable expenditure for the designated order. No other costs are authorized without the express prior written consent of the Contracting Officer.

C.13 CONTRACT PRICE REDUCTION

Due to the multiple award nature of this acquisition, contractors may deem it appropriate to offer price reductions due to market conditions or other factors when competing for orders under this contract.

The contractor may, at any time during the life of the contract, reduce the fixed unit price of item(s) included in the contract. Any price reduction for the remainder of the life of the contract shall be incorporated into the contract by modification.

The contractor may reduce the fixed unit price(s) of item(s) included in the contract on a one time basis for a specific delivery order, for a set period of time for orders placed during that time, or in any other manner consistent with commercial practice. The Administrative Contracting Officer (ACO) for the contract shall be promptly notified by the contractor, in writing, of any such price reduction offered to any ordering activity. Such notification shall not obligate the ACO in any manner to notify contract users of the price reduction. The contractor shall assume full responsibility for such notification.
